

A powerful combination.

The high-grade coating effectively protects the ORIGINAL JAGUAR blade from wear in heavy-duty applications and helps preserve lasting sharpness.

The optimal bond between the blade's base material and the high-grade coating ensures high resilience and durability in the event of contact with a foreign object.

Your benefits:

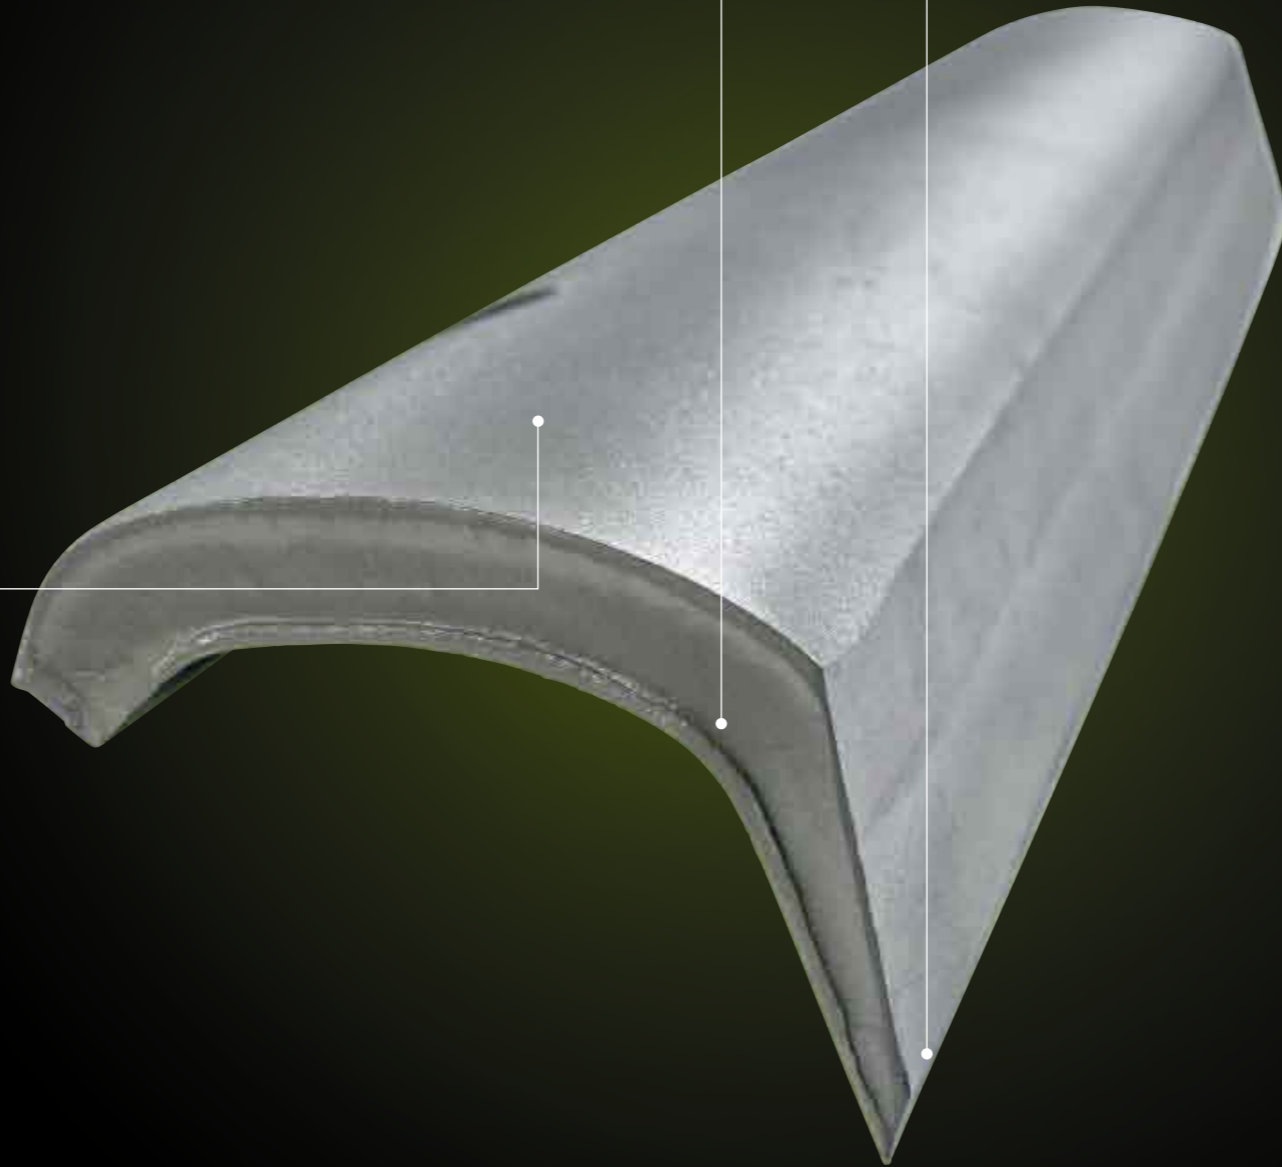

- Long-lasting sharpness
- Wear-resistant
- Long service life
- High operational reliability

Optimal material protection.

ORIGINAL blades ensure that the action of the knife drum is smooth and gentle on the crop, thanks to the low manufacturing tolerances involved. This boosts the work quality and durability of your CLAAS machine.

Your benefits:

- Material protection
- High work quality

Perfect interplay.

The minimal spaces between the ORIGINAL JAGUAR blades and ORIGINAL shear bar ensure a perfect cut every time for optimal chop quality in wide-ranging conditions.

Your benefits:

- Outstanding chop quality
- An efficient cut

Custom-made.

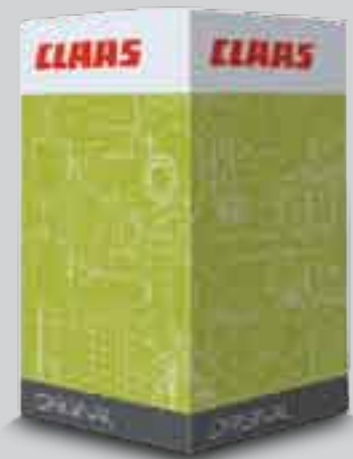

CLAAS ORIGINAL parts are precision-manufactured, high-quality series components for CLAAS machines.

Dependable.

CLAAS ORIGINAL parts have a longer life cycle and protect the machine from mechanical failure.

Efficient.

CLAAS ORIGINAL parts are renowned for their high cost-effectiveness, and quality that pays off.

Why CLAAS ORIGINAL JAGUAR blades?

ORIGINAL JAGUAR blades achieve enormous outputs in daily harvesting applications. Our ORIGINAL JAGUAR blades are extremely durable and perfectly suited to the ORIGINAL shear bar. The low manufacturing tolerances and highly wear-resistant tungsten-carbide coating ensure a significantly extended service life. Even under extreme operational conditions, the blades deliver a perfect chop and work quality with minimal wear. The use of ORIGINAL JAGUAR blades offers you:

- Long service life
- Highly wear-resistant coating
- Outstanding chop quality
- Optimal output utilisation

ORIGINAL parts offer you more than just the right dimensions. The materials and manufacturing methods we use are fundamental to the reliability and long service life of our machines.

Our ORIGINAL parts are manufactured from materials of an exceptionally high quality and to precise CLAAS specifications on the basis of proven CLAAS expert knowledge. Each and every part is tailored to the machine as a whole.
