

Perfect quality every time.

Our many years of experience and manufacturing expertise as a company have enabled us to deliver an optimal combination of a long service life and high foreign object tolerance. Our ORIGINAL revolving knives offer you outstanding efficiency across the full spectrum of harvesting conditions and crop types.

Your benefits:

- High foreign object tolerance
- Long service life
- Optimal work quality

Extremely narrow manufacturing tolerances.

Thanks to extremely narrow manufacturing tolerances and stringent quality controls, ORIGINAL revolving knives ensure that the assembly runs smoothly and steadily. This promotes the durability of all integral components and guarantees a long service life.

Your benefits:

- Long service life of all components
- Protection of bearings and components
- Smooth and steady running

Perfect coordination of components.

ORIGINAL revolving knives are perfectly adapted to the respective machine model, ensuring an optimal coordination of the knives with the system as a whole and helping to preserve the reliability of machine operation over extended periods.

Your benefits:

- Perfectly fitting
- Optimal adaption to the machine

Custom-made.

CLAAS ORIGINAL parts are precision-manufactured, high-quality series components for CLAAS machines.

Dependable.

CLAAS ORIGINAL parts have a longer life cycle and protect the machine from mechanical failure.

Efficient.

CLAAS ORIGINAL parts are renowned for their high cost-effectiveness, and quality that pays off.

Why CLAAS ORIGINAL revolving knives?

ORIGINAL revolving knives deliver outstanding chop quality with a smooth and steady action in the machine. Our many years of experience, high-quality production processes and extremely narrow manufacturing tolerances ensure that our CLAAS knives are perfectly matched to your machine. Stringent quality control measures in production ensure a long service life with excellent foreign object tolerance.

ORIGINAL revolving knives offer you:

- Optimal work quality
- Extremely narrow manufacturing tolerances
- Optimal adaption to the machine
- High foreign object tolerance

ORIGINAL parts offer you more than just the right dimensions. The materials and manufacturing methods we use are fundamental to the reliability and long service life of our machines.

Our ORIGINAL parts are manufactured from materials of an exceptionally high quality and to precise CLAAS specifications on the basis of proven CLAAS expert knowledge. Each and every part is tailored to the machine as a whole.
